The image shows a cassowary, a large, dark-feathered bird with a prominent blue and red neck patch and a long, sharp beak. It is standing in shallow water, possibly a pond or stream, with green foliage in the background. The right side of the image is overlaid with a crossword puzzle grid. The grid consists of 12 columns and 12 rows. The top-left corner of the grid is occupied by the photograph of the cassowary. The grid contains several black squares, which are represented by small black triangles pointing in the direction of the empty space. The grid is designed for a crossword puzzle, with the bird's image serving as the starting point for the puzzle.
