The image displays a crossword puzzle grid. The grid is composed of white squares for letters and black squares for empty space. Two scenic nature photographs are integrated into the grid. The first photograph, located in the top-left corner, shows a river flowing through a forest with a '1' in a black circle in its bottom-left corner. The second photograph, located in the bottom-right corner, shows a dirt path winding through a forest with a '2' in a black circle in its bottom-right corner. The grid contains several starting arrows: horizontal arrows pointing right and vertical arrows pointing down, indicating the start of words. The grid is 15 columns wide and 15 rows high.
