"

The image displays a word search puzzle on a grid. In the top-left corner, there is a photograph of a lynx's face. The grid itself is a 14x14 square grid. The top-left 4x4 cells of the grid are occupied by the lynx photo. The remaining cells contain small black arrows pointing in various directions (up, down, left, right, and diagonally) to indicate the starting points and orientations of words to be found.
