The image shows a 15x15 grid for a word search puzzle. The top-left cell (row 1, column 1) contains a photograph of a pair of white ice skates with red and blue accents, resting on a thin layer of ice. The rest of the grid is composed of empty cells, some of which contain small symbols: dots, apostrophes, and arrows pointing in various directions (up, down, left, right, and diagonally). These symbols indicate the starting points and directions of the words to be found in the puzzle.
